

ART PROOF

The yellow artwork bleed area represents the full color bleed background printing area. The green dotted line is the safe area that all important text and logos must stay inside or they will be hard to read.

FOLDED BAG COMPOSITE

PLEASE BE ADVISED

During the printing and manufacturing process your artwork may shift up to .125" in any direction.

Because of slight shifting in the production of the bags, it is best to have the artwork/color of the TOP SEAL match the BOTTOM SEAL. This will ensure that if shifting occurs the bags will still look seamless and not have a thin strip of misplaced artwork/color.

PROOF

PMS COLORS

In the process printing and bagging of this product a slight shift of the film may occur. This shifting may cause the artwork to be slightly off center on some packages. Shifting can be up to 1/16" in any direction.
